I understand that by completing this form I will be choosing to be exempt from the following vaccines (MMR 1st and 2nd dose, Tdap or Td, and any variant of the meningitis vaccine).

I also understand that this exemption is a personal decision and I will accept any and all consequences that come with this decision.

Understand the Risks and Responsibilities

Pursuant to Louisiana R.S. § 17:170: In the event of an outbreak of a vaccine-preventable disease at University of Louisiana Monroe, the administrators are empowered, upon the recommendation of the Office of Public Health, to exclude from attendance unimmunized students until the appropriate disease incubation period has expired or the unimmunized person presents evidence of immunization.

By signing below, I understand that by claiming an exemption, I may be excluded from campus and from classes in the event of an outbreak until the outbreak is over or until I submit proof of immunizations. For students in academic programs in which external-based experiences are mandated in the respective program curriculums (i.e., clinical hours, experiential field placement, teacher education credits, etc): By choosing not to immunize, I understand that I may be delayed in obtaining clinical or field hours, progressing in clinical or field courses, or graduating in the event of an outbreak of a related disease until the outbreak is over or until I submit proof of immunization(s). I understand that by declining any required vaccinations, I continue to be at risk for serious disease and will be subjected to regular testing. I can always receive the vaccine(s) at any time. I have read and understand the vaccine information from the CDC at <https://www.cdc.gov/vaccines/> and understand risks and responsibilities in exempting/declining the required immunizations.
