### **AFFINITY HEALTH GROUP HAS ENTERED INTO AN AGREEMENT TO JOIN THE BATON ROUGE CLINIC, AMC**

BATON ROUGE, LA – Affinity Health Group (AHG) has entered into an agreement to transition its clinical operations to The Baton Rouge Clinic, AMC (A Medical Corporation). This agreement aims to integrate resources, expertise, and services to offer enhanced patient care and expanded medical services.

AHG has a strong history of providing high-quality, low-cost care to thousands of patients throughout Ouachita and surrounding parishes. By joining The Baton Rouge Clinic, AHG will almost immediately benefit from BRC's ability to scale its past investments into its clinics. This also means that AHG will join one of the largest independent provider groups in Louisiana, ensuring AHG's success and presence in the local market for years to come.

Edgar Silvey, CEO of The Baton Rouge Clinic, AMC, stated, "AHG joining The Baton Rouge Clinic represents a significant step forward in our mission to expand and grow throughout the state of Louisiana. We feel the core values our organizations were built on, Clinical Excellence and Community Service, are aligned. The commitment we have made to our patients, to provide the highest level of quality healthcare services, will remain at the forefront of every decision we make. Together, we will continue the tradition of caring that The Clinic has upheld since 1946."

"Our focus on delivering high-quality care to our patients remains at the heart of everything we do," said David Yarbrough, MD, President and Chief Medical Officer of AHG. "By joining The Baton Rouge Clinic, our clinicians will gain valuable tools and resources that will allow them to provide the same level of high-quality care more effectively."
